Thanks Cheryl! I didn't get an RSVP, but sometimes don't, so just wanted to check before confirming with HQ. Thanks!

I'm not sure if you received my reply. Having computer issues. Yes, I have this meeting on my calendar.

Hi all,

As I think you all know, we got an NOI regarding action on the OR list as a whole. We will be trying to get out for public comment by Dec 18.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

-a revised version of the last briefing paper we used with Dan, updating the info about the data points; I can do this tomorrow

-Cheryl's assessment of the NOAA data. Cheryl—is it ok to send the one we used with NOAA? I'll explain to them that the errors you pointed out were confirmed.

Yes you can send as needed.

-Cheryl's slides of her graphs. Cheryl—should I send just the ones you sent today, or also the ones that were in the presentation the other day? Do today's update those, or is there distinct info in both?

The only distinction of the ones presented to Grace and Brian (versus the ones in the report outlining the data issues/patterns) are that the one station that we thought was in OR State waters was removed.

Deliberative Process / Ex. 5

-I'll send some of the slides from our presentation to Grace and Brian

Is there anything else you can think of that they should have? Thanks.
